

BON

The Bon easy chair has a comfortable and reclined sitting position. The soft interior with its generous padding provides a very high level of sitting comfort, while the slightly stricter exterior gives the easy chair a clearly distinct design. Bon is sleek, which makes it suitable for many different meeting places. The chair is combined with the Bon footstool for optimum comfort. The footstool allows the user to put their feet up for an even more relaxed sitting position. The footstool can also serve as an extra seat if required. The easy chair and the footstool's seat cushions can be removed for easy cleaning. The frame can be rotated, with a return and tilt function, and can be locked in a fixed position if desired. The cross base is available in Colours by Materia (CbM*) with a powder coating.

*CbM = beige, mustard yellow, dusty pink, rusty red, burgundy red, blue grey, green, grey, dark grey, black, white
